

## Centurion Steel Bollard

One of our most popular products, designed for use in modern retail parks, shopping complexes town centres and urban areas where aesthetics are important and traditional cast bollards could look out of place.

Generally supplied in black, however other BS and RAL colours are available to suit individual requirements, confirming the Alto Centurion as one of our most versatile bollards.

Length            1200 long  
 (800/900 AGL , 400/300 BGL)  
 Other lengths available upon request.
